

NETWORK ACADEMY COURSES

September 2009 - January 2010

Course Title		
<p>Fundamentals of Windows Server 2008 Network and Applications Infrastructure (6420) This five-day instructor-led course introduces students to network and applications infrastructure concepts and configurations provided by Window Server 2008. Students will be able to acquire a fundamental understanding in order to pursue advanced topics available for certification in the network and applications infrastructure areas http://www.microsoft.com/learning/en/us/syllabi/6420afinal.aspx</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Mon-Fri
	Dates	21 – 25 September 2009
	Time	9:30-17:00
<p>Configuring and Troubleshooting a Windows Server 2008 Network Infrastructure (6421) This five-day instructor-led course provides students with the knowledge and skills to configure and troubleshoot a Windows Server 2008 network infrastructure. Students will learn to implement and configure secure network access and implement fault tolerant storage technologies. Students will gain an understanding of the network technologies most commonly used with Windows Server 2008 and IP-enabled networks. Students will also learn how to secure servers and maintain update compliance. Students will be expected to have completed Microsoft course 6420 or have equivalent knowledge. http://www.microsoft.com/learning/en/us/syllabi/6421afinal.aspx Leading to MCTS Exam 70-642 (exam fees not included)</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Mon-Fri
	Dates	5 – 9 October 2009
	Time	9:30-17:00
<p>Fundamentals of Windows Server 2008 Active Directory (6424) This three-day instructor-led course provides Active Directory Technology Specialists an introduction to Active Directory server roles in Windows Server 2008. The course is intended for entry level students who want to get familiar with the Active Directory server roles and their basic functionality. http://www.microsoft.com/learning/en/us/course.aspx?ID=6424A&locale=en-us</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Wed-Fri
	Dates	28 - 30 October 2009 (3 days)
	Time	9:30-17:00
<p>Configuring and Troubleshooting Windows Server 2008 Active Directory Domain Services (6425) This five-day instructor-led course provides Students with the knowledge and skills to configure Active Directory Domain Services in a distributed environment, implement Group Policies, perform backup and restore, and monitor and troubleshoot Active Directory related issues. This course will prepare you for the 70-640 exam. Students will be expected to have completed Microsoft course 6424 or have equivalent knowledge. http://www.microsoft.com/learning/en/us/syllabi/6425afinal.aspx Leading to MCTS Exam 70-640 (exam fees not included)</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Mon-Fri
	Dates	9 – 13 November 2009
	Time	9:30-17:00

Limited places available.....To book please contact Business Liaison

NETWORK ACADEMY COURSES

September 2009 - January 2010

<p>Configuring and Troubleshooting Identity and Access Solutions with Windows Server 2008 Active Directory (6426)</p> <p>This three-day instructor-led course provides the knowledge and skills that IT Professionals need to configure identity and access solutions with Windows Server 2008 Active Directory. Students will be expected to have completed Microsoft course 6425 or have equivalent knowledge."</p> <p>Leading to MCTS Exam 70-640 (exam fees not included)</p> <p>http://www.microsoft.com/learning/en/us/course.aspx?ID=6426A&locale=en-us#tab1</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Mon - Wed
	Dates	11 – 13 January 2010 (3 days)
	Time	9:30-17:00
<p>Configuring and Troubleshooting Internet Information Services and Terminal Services in Windows Server 2008 (6427/6428)</p> <p>Learn to install, configure, maintain, and troubleshoot an Internet Information Services (IIS) 7.0 Web Server in Windows Server 2008. The course also provides students with the knowledge and skills to configure, manage, monitor, and troubleshoot a Terminal Services (TS) environment. It focuses on configuring of TS core functionality, TS licensing, TS Gateway, and TS Web Access. Students will be expected to have completed Microsoft course 6420 or have equivalent knowledge.</p> <p>http://www.microsoft.com/learning/en/us/syllabi/6427afinal.msp and http://www.microsoft.com/learning/en/us/syllabi/6428afinal.msp</p> <p>Leading to MCTS Exam 70-643 (exam fees not included)</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Mon-Fri
	Dates	23 – 27 November 2009
	Time	9:30-17:00
<p>Planning and Administering Windows Server 2008 Servers (6430)</p> <p>This five-day instructor-led course provides students with the knowledge and skills to plan, manage, and maintain Windows Server 2008 servers.</p> <p>http://www.microsoft.com/learning/en/us/syllabi/6430a.aspx</p> <p>Leading to MCTS Exam 70-646 (exam fees not included)</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Mon-Fri
	Dates	25 - 29 January 2010
	Time	9:30-17:00
<p>MCTS Microsoft Exchange Server 2007 Configuration (5047/5049/5050)</p> <p>This course will prepare you for the 70-236 MCTS Microsoft Exchange Server 2007 Configuration certification exam.</p> <p>http://www.microsoft.com/learning/en/us/syllabi/5047B.aspx</p> <p>Leading to MCTS Exam 70-236 (exam fees not included)</p>	Price to Learner	£195* or £645 (includes Microsoft book)
	Days	Mon-Fri
	Dates	7 – 11 December 2009
	Time	9:30-17:00
<p>Microsoft Certified Desktop Support Technician (MCDST) on XP-Pro (2261/2262)</p> <p>www.microsoft.com/learning/syllabi/en-us/2261afinal.msp www.microsoft.com/learning/syllabi/en-us/2262bfinal.msp</p> <p>Leading to MCP exams 70-271 & 70-272 (exam fees not included)</p> <p>A WEDNESDAY EVENING CLASS WILL ALSO BE AVAILABLE FOR THIS COURSE</p>	Price to Learner	£195* or £645 (includes Microsoft books)
	Days	Mon-Fri
	Dates	12 – 16 October 2009 and 18 – 22 January 2010

Limited places available.....To book please contact Business Liaison

NETWORK ACADEMY COURSES

September 2009 - January 2010

	Time	9:30-17:00
Course Title		
<p>EC-Council -- Certified Ethical Hacking</p> <p>The CEH Program certifies individuals in the specific network security discipline of Ethical Hacking from a vendor-neutral perspective. The Certified Ethical Hacker certification will fortify the application knowledge of security officers, auditors, security professionals, site administrators, and anyone who is concerned about the integrity of the network infrastructure.</p> <p>http://www.eccouncil.org/EC-Council%20Education/ceh-course-outline.htm</p> <p>AN EVENING CLASS COULD BE AVAILABLE FOR THIS COURSE – PLEASE ASK.</p>	Price to Learner	£1,995 (Including CEH exam 312-50)
	Days	Mon-Fri
	Dates	12 – 16 October 2009
	Time	9:30 – 17:00
<p>EC-Council -- Certified Security Analyst/Licenced Penetration Tester</p> <p>The ECSA program is a highly interactive 5-day security class designed to teach Security Professionals the advanced uses of the available methodologies, tools and techniques required to perform comprehensive information security tests. Students will learn how to design, secure and test networks to protect <i>your organization</i> from the threats hackers and crackers pose. This class will help you perform the intensive assessments required to effectively identify and mitigate risks to the security of your infrastructure. As you learn to identify security problems, you also learn how to avoid and eliminate them, with the class providing <i>complete</i> coverage of hacking and network security-testing topics.</p> <p>http://www.eccouncil.org/ecsa.htm</p>	Price to Learner	£1,995
	Days	Mon-Fri
	Dates	30 Nov – 3 December 2009
	Time	9:30 – 17:00
<p>We can also offer Bespoke Networking & Security Courses to meet the particular needs of an Organisation. Please ring Paul Titman on 0113 297 6426 to discuss.</p>

NETWORK ACADEMY COURSES

September 2009 - January 2010

Implementing a Cisco VoIP Solution A 5-day intensive course that will cover the technical detail of how to implement VOIP into a Business Network utilising a Cisco solution.	Price to Learner	£525
	Days	Mon-Fri
	Dates	23 – 27 November 2009
	Time	9:30 – 17:00
CCNA Exam preparation For experienced candidates wishing to prepare for the CCNA certification. Now addressing the 640-802 exam.	Price to Learner	£525
	Days	Mon-Fri
	Dates	28 Sept – 2 October 2009 and 7 – December 2009
	Time	9:30 – 17:00
Configuring the Cisco PIX Security Appliance Learn how to configure Cisco Firewalls to secure your network from unauthorised access.	Price to Learner	£195
	Days	Tues – Weds
	Dates	15 – 16 September 2009
	Time	9:30 – 17:00
Implementing QoS Solutions on Cisco Routers This course is a 1day hands on course designed to familiarise network engineers with the challenges of converged networks and implementing Quality of Service (QoS) solutions on Cisco routers (QoS refers to the capability of a network to provide better service to selected network traffic over various technologies).	Price to Learner	£125
	Days	
	Dates	18 September 2009 and 5 January 2010
	Time	9:30 – 17:00
An Introduction to TCP/IP TCP/IP is a protocol which is used in almost every networked system. Essential knowledge and a thorough understanding of TCP/IP is a must for the contemporary Network Engineer. The course will introduce the Network Engineer to elementary aspects of the TCP/IP protocol such as: Private and Public IP Addresses; Host and Network Portion of an IP Address; The Subnet Mask and it's function Classless IP addresses and Interdomain routing; CIDR Notation; Subnetting; DHCP; DNS and Designing an IP addressing scheme for a local network	Price to Learner	£125 (reduced to £30.00 for students currently enrolled on our CCNA course)
	Days	Friday
	Dates	6 November 2009
	Time	9:30 – 17:00
<p>* Courses marked with an asterisk are offered as part of our Foundation Degree programme. EU students aged 19 and over will be charged the lower price. Non-EU and students aged under 19 will be charged the higher. Cisco courses require successful completion of the multiple choice theory exam, practical skills test and module assignment.</p>

NETWORK ACADEMY COURSES

September 2009 - January 2010

Cisco CCNA Semester 1 – Networking Fundamentals http://www.cisco.com/web/learning/netacad/downloads/pdf/CCNAexplorationDS.pdf Course duration 12/13 weeks	Price to Learner	£195* or £645
	Days	Monday Evenings
	Dates	Starting w/c 14 September 2009
	Time	17:45 – 21:15
Cisco CCNA Semester 2 – Routing Protocols and Concepts http://www.cisco.com/web/learning/netacad/downloads/pdf/CCNAexplorationDS.pdf Course duration 12/13 weeks	Price to Learner	£195* or £645
	Days	Tuesday & Wednesday Evenings
	Dates	Starting w/c 14 September 2009
	Time	17:45 – 21:15
Cisco CCNA Semester 3 – LAN Switching and Wireless http://www.cisco.com/web/learning/netacad/downloads/pdf/CCNAexplorationDS.pdf Course duration 12/13 weeks	Price to Learner	£195* or £645
	Days	Monday & Tuesday Evenings
	Dates	Starting w/c 14 September 2009
	Time	17:45 – 21:15
Cisco CCNA Semester 4 – Accessing the WAN http://www.cisco.com/web/learning/netacad/downloads/pdf/CCNAexplorationDS.pdf Course duration 12/13 weeks	Price to Learner	£195* or £645
	Days	Tuesday & Thursday Evenings
	Dates	Starting w/c 14 September 2009
	Time	17:45 – 21:15
Cisco CCNP Courses 1 – 4 http://www.cisco.com/web/learning/netacad/downloads/pdf/CCNPds.pdf Course duration 15 weeks	Price to Learner	£295* or £645
	Days	Monday & Wednesday Evenings
	Dates	Please enquire
	Time	17:45 – 21:15
Fundamentals of IT Essentials 1: PC Hardware and Software This curriculum prepares for the CompTIA A+ certification. http://www.cisco.com/web/learning/netacad/course_catalog/IT1.html Course duration 12/13 weeks	Price to Learner	£195* or £645
	Days	Thursday Evenings
	Dates	Starting w/c 14 September 2009
	Time	17:45 – 21:15
Fundamentals of IT Essentials 2: Network Operating Systems This curriculum prepares for the CompTIA Server+ certification. http://www.cisco.com/web/learning/netacad/downloads/779/edu/media/docs/final_HP031103.pdf Course duration 12/13 weeks	Price to Learner	£195* or £645
	Days	Thursday Evenings
	Dates	Starting w/c 14 September 2009
	Time	17:45 – 21:15

*** Courses marked with an asterisk are offered as part of our Foundation Degree programme. EU students aged 19 and over will be charged the lower price. Non-EU and students aged less than 19 will be charged the higher. Cisco courses require successful completion of the multiple choice theory exam, practical skills test and module assignment.**
